EXTRA-ORDINARY CHANCE FOR ADA

A FINE OPPORTUNITY TO INAUGURATE AN ANNUAL CHAUTAUQUA--EDUCATIONAL, MUSICAL, DRAMATICAL.

BIG CAMPAIGN ON TOMORROW

How It May Be Secured and What It Will Mean to Our City--Committees Appointed--Luncheon at Harris House a Feature.

It can be done!

All ready for a united lift! Has every fellow a hold?

Here we go—heigho—h-e-a-v-e! Now, that's the way Ada does things.

Wasn't that fine?

We're just talking about how Ada is going to land that Chautauqua for next June.

But we must pull together and all at once.

Ada is known for her high-class citizens. Her schools and normal, but lend to that dignity. As such she is on the lookout for that which will contribute to her elevation and fine sense. Just now she has a peculiar opportunity at a very auspicious time.

What It Is.

It is a Chautauqua. But wait! Let us talk now about it. We are sure you'll want to enjoy it with us. It's so fine that out of the twelve dates only two are left. Just look here at the numbers; see there are seven double-headers. Love music? Well, here's Schultz who takes the house by storm with the violin; and Homer T. Wilson, who, pendulum-like, swings you from the smile to the tear, then Gearhart who electrifies his audiences with his fine subjects and personality; now take a look at this quartet company, they'll make you forget your troubles in a hurry. But what's the use of trying to tell all about it? The linotype would even be exhausted even if it is endless, in trying to tell you. But, say, here an idea: let's go down to the post-office and take a look at some of the artists who will be here.

And just think—just every fellow helping a little will secure this solid week of intellectual and musical treat.

An Auspicious Time.

During the month of June our city is going to be filled with educators at the initial normal in our new normal building. The tide of humanity will be flowing this way. Why not secure this attraction and augment that tide? A Chautauqua calls for the best class of citizens and that's the kind we are after. What an auspicious time to inaugurate an annual Chautauqua. We must have it.

How We May Secure It.

But how! Now listen. Thereby hangs the tail. Last night at a meeting of public spirited men, the conclusion was reached that we must have the chautauqua. The city was distributed by wards to four committees, which shall thoroughly canvass its ward securing sufficient pledges for tickets to guarantee the Chautauqua. No money is to change hands now but when tickets will be delivered, which will be later.

Plans of the Committee.

The committee composed of the four squads has decided on the following plan. A whirlwind campaign will be inaugurated tomorrow, Wednesday. Beginning at 9 a. m. each division shall go to its respective ward, and at noon a general meeting will be had in the dining room of the Harris house, where luncheon will be served and reports made. At 1 p. m. the campaign will again be on and a general meeting held at 4 p. m. at the Christian church, where the campaign returns will be canvassed and the work closed up.

Prices of Tickets.

For the entire course a charge of \$3 for one ticket, two tickets for entire course, \$5, three tickets entire course, \$6, tickets for entire family full course, \$7. Tickets non-transferable save in immediate family.

The committees are to be found in another article.

Main Street Property.

We are authorized to offer for sale the Airdome lots on Main, 50 feet, for \$6,150. WEAVER AGENCY.

Mr. Murray, in his address at Altus on Tuesday of this week, was heartily applauded when he made the following statement:

"Whenever or wherever one proves unfaithful or incompetent, I shall quickly and immediately relieve him of that position and appoint some one who can and will make good. Public office is a public trust and should not be bartered away for public gain, political advantages or promotion by the appointive power. He should be expected to remember with gratitude his friends until the claim of his friends conflicts with that of the public. My purpose would be to install a strong, efficient and economic government, and my definition of a qualified officer is an honest, wise and brave man."

No one can question the soundness of this proposition. There is but one way to have good, decent government and that is by having men of the highest integrity and capability in all the offices. We can't afford to elect or have appointed any other kind.—Chickasaw Banner.

There is nothing financially in being representative. For this reason it is hard to get a good man for the place. The Eagle desires to see a good man in this position. We have him in view. If the Hon. Byron Norrell of the Ada Democrat will consent to don the toga we will announce him free of charge and would ask the papers of the county to fall in line and make it unanimous, without cost. We know that Norrell would make a good representative, but would hesitate a long time about asking him to make the race. The only way that a man can consider the place at all is to have it tendered without cost, as it will leave him in the hole financially and there is nothing to the job but the honor of it. We will be glad to serve the county to the extent of announcing Byron Norrell free of charge. Will any other paper follow suit?"—Roff Eagle.

SENATORS SLASH TAFT'S RAILROAD BILL

With Very Severe Denunciation of Section Seven by Dolliver.

Washington, April 25.—With characteristic saber-cuts of Saxon speech, Senator Dolliver took his turn at slashing the seventh section of the Administration railroad bill in the senate this afternoon. This is the section which repeals the provisions of the anti-trust law, so far as it applies to railroads, granting them the long-sought right to make traffic agreements and putting them in a class quite distinct from industrial corporations, which will continue to be bound, at least in theory, by the Sherman law inhibition on combinations in restraint of trade.

Was Severest Denunciation.

Senators Cummins, LaFollette, Bristow, Clapp, Nelson and all the other progressives of the senate have already denounced the provisions of Sec. 7. But Senator Dolliver's denunciation was the severest, the most destructive and the most convincing of all and it was punctuated freely with indignant and sarcastic references to the author of the railroad bill, Attorney General Wickersham, and the demand of the administration that the measure be put through congress exactly as it came from the hands of the man who drew it. Senator Dolliver's address was masterly in its handling of the section and of the whole question of the attempt of the government to secure for itself adequate control over the rates and the management of interstate carriers. He read a letter addressed to him by former Senator William E. Chandler of New Hampshire, pointing out in clear and succinct form just what the seventh section would accomplish for the railroads and the evils it would work to the public if it were permitted to become part of the law as formulated by the Attorney General.

Legalizes Traffic Association.

Senator Dolliver also went back to the old general traffic association formed by the thirty-nine leading roads of the country and showed how that conspiracy had planned to throttle absolutely all competition and hold the transportation of the country entirely at its mercy. This association had been outlawed by a decision of the supreme court. But it would be legalized and would unquestionably be reformed and put into operation again if the Administration railroad bill became a law with the seventh section in it without some such amendment as that proposed by Senator Cummins.

This amendment compels the roads to submit all traffic agreements and all revisions of rates under such agreements to the Interstate Commerce Commission and secure the commission's approval of them before they become legal and can be put into effect.

STATE LIBRARY ASSOCIATION FOR COMMISSION

Oklahoma in Great Need of a Library Commission.

Oklahoma City, April 25.—The establishment of a state library commission in Oklahoma is being enthusiastically advocated by those interested in the libraries of the state, who are arranging to have the matter presented before the next legislature and provide efficient means to secure favorable action by that body.

The matter will be given prominent importance at the coming meeting of the Oklahoma State Library Association, which will convene in Oklahoma City May 5 and be in session at the Carnegie library, corner of Third street and Robinson avenue. An endeavor will be made to secure the co-operation of influential persons in behalf of the movement and institute a statewide campaign for such a commission.

It is pointed out by those at the head of the movement that there are 27 state library commissions in operation in the United States, all subsidized and maintained by their respective states, and that Oklahoma is in great need of such a commission, if not greater, than some of the states which have such organizations.

SUPREME BENCH FOR GOV. HUGHES

HIS APPOINTMENT GIVES GENERAL SATISFACTION—TAFT IS GREATLY PLEASED.

ANNOUNCEMENT AT WASHINGTON

Senate Considered Appointment Monday—He Will Succeed Late Justice David J. Brewer.

Washington, April 25.—President Taft late today received from Gov. Hughes of New York a letter accepting a tendered appointment as an Associate Justice of the Supreme Court of the United States. Five minutes after the letter was handed to the President, the nomination of Gov. Hughes was on its way to the Senate. That body had adjourned for the day, however, when the papers reached the Capitol, and so the Senate will not hear officially of the designation of Gov. Hughes to succeed the late Justice David J. Brewer until tomorrow.

To Take Seat in Fall.

While it is expected that Gov. Hughes will be confirmed with little or no delay, it is understood here he will remain as the chief executive of the state of New York until next October and will not take the oath of his new office until the fall term of the supreme court which opens the second Monday in that month.

There has been much speculation ever since it was first intimated that Gov. Hughes would be tendered a place on the supreme court bench as to whether or not his appointment would take him out of the fall campaign in the state of New York, where all the republican leaders admit that he is sorely needed.

President Taft would not discuss this phase of the case in any way today. He has been anxious to secure the best man he could for the supreme court vacancy and he feels that he has done so. He was much elated over the success of his tender to Gov. Hughes and tonight said:

"I am very much delighted to secure Gov. Hughes for the bench. He is a man of wide experience and marked ability and it is a mighty valuable thing to have no the great bench of the supreme court a man of affairs. Gov. Hughes is 48 years of age, I think, and even if he

should retire at 70 he will have had twenty-two years of solid usefulness on the bench."

Appointment Creates Satisfaction.

The appointment of Gov. Hughes was received throughout Washington with the greatest satisfaction. The announcement, however, came as something of a surprise, despite the fact that it had been generally understood for days that the position was to be tendered to him.

President Taft had been warned in advance that Gov. Hughes might not be able to accept because his service as governor of the state of New York had practically depleted his small private fortune, and he felt the necessity of again entering the practice of law in order to earn a competence for himself and his family. This did not deter the president, however, and he had optimistically awaited a reply.

CONFEDERATE REUNION AT MOBILE, ALA.

Sons of Veterans Have Social Session Preliminary to Formal Beginning.

Mobile, Ala., April 25.—Preliminary to the formal beginning of the reunion of Confederate Veterans tomorrow, the Sons of Veterans held their opening session tonight. It was in the nature of a social session, in which half a dozen addresses of welcome were made by local men. There was music, instrumental and vocal, and then the consuls of France, Spain and England were introduced.

The only official business transacted was the naming of the committee on credentials, which will report tomorrow. Then Gov. J. Y. Sanders of Louisiana presented the sons sponsors, maids and matrons who are attached to the different divisions.

Trains have been debouching gray-clad veterans all day, and some are still side-tracked outside the town, waiting their turn to enter the stations. The tented city on the bay was a gay place tonight. Thousands of yellow government tents, each holding three veterans, were in service. Camp fires sputtered and roared in grateful warmth in the company streets. War songs and sacred hymns were heard above the din, while now and then the tinkle of banjos and the high-pitched "coon song" told of the efforts of dusky entertainers to amuse the city's guests. The weather is still cold, but an appeal to citizens to lend blankets met with a ready and generous response, and none "slept cold" in the tented city tonight.

BUILDING NEW RAILROAD OKLA. CITY TO NEW MEXICO

Proposed Line to Run Through the Undeveloped Portion of the States—\$10,000 Bonus.

Oklahoma City, April 26.—Extending into the richest farm producing section of the state, the Oklahoma City Chamber of Commerce, through its board of directors, Monday closed negotiations with the officials of the Denver, Kingfisher and Gulf Railroad company to construct a line into the northwestern part of Oklahoma, which for years has patiently awaited the coming of the rail and the engine. The railroad in its agreement with the Chamber of Commerce, agrees to start construction within 30 days, and upon completion of the road as far as Piedmont, 19 miles from Oklahoma City, a bonus of \$10,000 is to be paid. The Chamber of Commerce further contracted to allow the railroad company to use the terminal in the southwestern part of the city with the agreement that the company should pay for its use. The proposed road will run from Oklahoma City into the undeveloped regions of the northwestern part of Oklahoma, pass through eleven Oklahoma counties, three of which are now without railroads, three Texas counties and will terminate in the coal fields of New Mexico.

According to the papers signed the railroad company must start work on the proposed line from Oklahoma City within 30 days, in the failure of which the bonus and contracts to be void.

The railroad proposes to establish an interurban line from Kingfisher to Oklahoma City, the cars to be run by either gasoline or steam propelled engines. Cars will run every two hours from the two cities, and will be in operation by Jan. 1, 1911. The interurban line will be similar to that of the Grand Island Interurban line out of Saint Joseph, Mo.

It is assumed in this connection that even if the South finds seed to replant the area damaged, the cold snap has made it look like a late crop, and that mills consequently will be dependent upon old crop supplies for a considerably longer period.

Meanwhile preparations for making enormous deliveries on May contracts are steadily going forward. It is said that the inspection bureau of the New York exchange has a larger force preparing cotton for delivery than ever before, and that the stock of certified cotton at New York, which was reported at 87,000 bales toward the end of March, had mounted up to 151,000 bales by the close of business Saturday, with the prediction that between 140,000 and 200,000 bales would be ready for delivery by May 1.

Cotton Bulls Win—Prices Increased Steadily—Seed Shortage Feared.

New York, April 25.—Not since the break last January has the Cotton Exchange experienced such excitement and activity as today. It was a time of triumph for the bulls, whose already strengthened position as regards the old crop was sensational stimulated by reports of disastrous weather in the south, affecting the coming crop. This lead to rumors that the bull campaign was to be carried on throughout the end of the current season, and possibly into early new crop deliveries, as it was in the season of 1902-03, when, after Sully's successful deal in May contracts, Messrs. Brown and Hayne, who are prominently mentioned in the present bull movement, carried the bull campaign through into July, August and September.

SHERIFFS DENOUNCE FEE AND SALARY BILL

Oklahoma City, April 26.—In convention, Monday, the sheriffs association of Oklahoma, placed itself on record as opposing the fee and salary bill as passed by the last legislature, and asks the people of the state to vote for candidates who will amend certain clauses of it. A resolution to this effect was submitted by a committee composed of Sheriffs M. B. Loutham, M. M. Tate, M. C. Binion, L. E. Martin and L. Burwell and adopted by the association.

Bribery in Elections.

Bribery, according to an expert on the subject, first became a recognized mode of securing votes in the reign of Charles I. It was afterward improved upon by George III., who lost no opportunity of enforcing its claims as a good gate keeper. "If," he wrote to his chief adviser on one occasion, "the duke of Northumberland requires some gold pills for the election it would be wrong not to satisfy him." The king was not altogether selfish in this matter of spending money, for the gold pills came out of his own medicine chest, the civil list, whereas his successors drew upon the secret service cash for the corruption of the voters.

In those days the British constitution worked on the principles of Mr. Quinton Dick, a wealthy West Indian planter, who explained his manner of election thus: "At the last election I spoke to my constituents, 'Gentlemen,' I said, 'my opponent is a very rich man with a large family. I am a very rich man, and I thank God that all I care for in the world is covered by my hat.' I put my hat on my head, and they returned me. That, sir, is the practical working of the British constitution."—London Daily News.

Smuggling Partridge Eggs.

A singular custom of smuggling by means of a dummy baby was brought to light by the city customs officials at northern station in Vienna.

Partridge eggs have for a long time been extensively stolen from preserved estates in Hungary, smuggled into Vienna and sold to poultry dealers, who hatched the eggs in incubators, brought up the birds by hand and sold them below the prices asked by more honest dealers.

A special lookout for smugglers has resulted in the arrest of two peasant women. Arriving in Vienna in the national Slavonian costume, each of them carried a baby tied, according to the invariable custom, to a cushion and so closely "packed" that only the face was visible.

The women were noticed to be a little agitated as they passed the customs, and they were followed home. It was then discovered that while one baby was a living child the other was a dummy. It consisted of a wax head, partly hidden by a shawl and a cap, while the cushion was filled with more than 600 partridge eggs.

Curiosity Squelched.

At dinner the professor of history was seated between two young ladies, who, in accordance with their training in the art of conversation, sought to draw him out upon the subject in which he was most interested. They did not meet with much success; his answers were short—"Yes," "Oliver Cromwell," "No," "1492," and the like. Finally one of them in desperation ventured:

"Professor, we were wondering only this afternoon, and none of us could remember: How many children did Mary, Queen of Scots, have?"

This was too much. "Madam," said the professor, facing her with squelching dignity, "I am not a scoundrel-monger."

Ordinance No. 210.

An Ordinance relating to, and regulating the moving of houses in the City of Ada, Oklahoma.

Be it Ordained by the Mayor and City Councilmen of the City of Ada, Oklahoma:

House Movers.

Section 1. No person, except a licensed house mover shall move any building through or along any street, or Avenue or Alley in this city, and every person shall, before he shall receive his license, execute a bond to the City of Ada, Oklahoma, in the sum of One Thousand Dollars (\$1,000.00), with good and sufficient sureties, to be approved by the Mayor, and conditioned that said person will pay any and all damages which may occur to any pavement, street or sidewalk, street-crossing, or to any city fire or police alarm, telegraph, telephone or electric lighting pole, wire, bridge or viaduct, belonging to the City of Ada, Oklahoma, whether said damages or injury shall be caused by said person or his agent, employees or workmen, and conditioned also, that said person will save and indemnify, and keep harmless the City of Ada, Oklahoma against all liabilities, judgments, damages, costs and expenses which may in any wise accrue against said city in consequence of the granting of such permit or license, or while acting under the same, and will in all things strictly comply with the condition of such license or permit.

Such person, or persons moving such building shall cause a sufficient passage way for vehicles to pass, to be kept open upon one or both sides of such building while being moved upon any street, avenue or alley. When possible the House Mover shall keep the building moving each day unless rain render the condition of the road impassable.

Permits, Who to Issue.

Section 2. Any licensed house-mover desiring to remove any building from one point to any other location in this city shall apply to the City Clerk of said City for a permit which shall be issued by him and countersigned by the Mayor of said city which shall describe the building to be moved, giving the number of the lot and block on which same is located, the number of the lot and block on which said building is to be re-located, the roads, streets, avenues or alleys over which same is to be moved.

Provided, however, that the mayor of said city may require said house-mover to execute and file with said City Clerk additional bond in any sum that he may deem necessary for the protection of said City and its property, conditioned as set out in Paragraph number one, before granting said permit.

Section 3. Any house mover, or his employees who shall violate any of the provisions of this Ordinance shall upon conviction be fined in any sum not less than \$10.00 nor more than \$100.00 and the Mayor and Council may at their option revoke and cancel any license issued to said person or persons as a House Mover. Repeal.

MAKES WORK EASIER

Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties With a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work!

They cure backache.

They cure every kidney ill.

Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results.

During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous.

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

For sale by all dealers. Price 50 cent's. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

OUTFITTER FOR MEN

ADA, OKLAHOMA

EXTRA-ORDINARY
CHANCE FOR ADA

A FINE OPPORTUNITY TO INAUGURATE AN ANNUAL CHAUTAUQUA--EDUCATIONAL, MUSICAL, DRAMATICAL.

BIG CAMPAIGN ON TOMORROW

How It May Be Secured and What It Will Mean to Our City--Committees Appointed--Luncheon at Harris House a Feature.

It can be done!

All ready for a united lift! Has every fellow a hold?

Here we go--heigho--h-e-a-v-e! Now, that's the way Ada does things.

Wasn't that fine?

We're just talking about how Ada is going to land that Chautauqua for next June.

But we must pull together and all at once.

Ada is known for her high-class citizens. Her schools and normal, but lend to that dignity. As such she is on the lookout for that which will contribute to her elevation and fine sense. Just now she has a peculiar opportunity at a very auspicious time.

What It Is.

It is a Chautauqua. But wait! Let us talk now about it. We are sure you'll want to enjoy it with us. It's so fine that out of the twelve dates only two are left. Just look here at the numbers; see there are seven double-headers. Love music? Well, here's Schultz who takes the house by storm with the violin; and Homer T. Wilson, who, pendulum like, swings you from the smile to the tear, then Gearhart who electrifies his audiences with his fine subjects and personality; now take a look at this quartet company, they'll make you forget your troubles in a hurry. But what's the use of trying to tell all about it? The linotype would even be exhausted even if it is endless, in trying to tell you. But, say, here an idea: let's go down to the post-office and take a look at some of the artists who will be here.

And just think--just every fellow helping a little will secure this solid week of intellectual and musical treat.

An Auspicious Time.

During the month of June our city is going to be filled with educators at the initial normal in our new normal building. The tide of humanity will be flowing this way. Why not secure this attraction and augment that tide? A Chautauqua calls for the best class of citizens and that's the kind we are after. What an auspicious time to inaugurate an annual Chautauqua. We must have it.

If We May Secure It.

But how! Now listen. Thereby hangs the tail. Last night at a meeting of public spirited men, the conclusion was reached that we must have the chautauqua. The city was distributed by wards to four committees, which shall thoroughly canvass its ward securing sufficient pledges for tickets to guarantee the Chautauqua. No money is to change hands now but when tickets will be delivered, which will be later.

Plans of the Committee.

The committee composed of the four squads has decided on the following plan. A whirlwind campaign will be inaugurated tomorrow, Wednesday. Beginning at 9 a. m. each division shall go to its respective ward, and at noon a general meeting will be had in the dining room of the Harris house, where luncheon will be served and reports made. At 1 p. m. the campaign will again be on and a general meeting held at 4 p. m. at the "Christian" church, where the campaign returns will be canvassed and the work closed up.

Prices of Tickets.

For the entire course a charge of \$3 for one ticket, two tickets for entire course, \$5, three tickets entire course, \$6, tickets for entire family full course, \$7. Tickets non-transferable save in immediate family.

The committees are to be found in another article.

Mr Murray in his address at Altus on Tuesday of this week, was heartily applauded when he made the following statement

"Whenever or wherever one proves unfaithful or incompetent I shall quickly and immediately relieve him of that position and appoint some one who can and will make good. Public office is a public trust and should not be bartered away for public gain, political advantages or promotion by the appointive power. He should be expected to remember with gratitude his friends until the claim of his friends conflicts with that of the public. My purpose would be to install a strong, efficient and economic government, and my definition of a qualified officer is an honest, wise and brave man."

No one can question the soundness of this proposition. There is but one way to have good, decent government and that is by having men of the highest integrity and capability in all the offices. We can't afford to elect or have appointed any other kind.—*Chickasaw Banner*

There is nothing financially in being representative. For this reason it is hard to get a good man for the place. The Eagle desires to see a good man in this position. We have him in view. If the Hon. Byrdon Norrell of the Ada Democrat will consent to don the toga we will announce him free of charge and would ask the papers of the county to fall in line and make it unanimous, without cost. We know that Norrell would make a good representative, but would hesitate a long time about asking him to make the race. The only way that a man can consider the place at all is to have it tendered without cost as it will leave him in the hole financially and there is nothing to the job but the honor of it. We will be glad to serve the county to the extent of announcing Byron Norrell free of charge. Will any other paper follow suit?—*Roff Eagle*

SENATORS SLASH TAFT'S RAILROAD BILL

With Very Severe Denunciation of Section Seven by Dolliver.

Washington April 25.—With characteristic saber-cuts of Saxon speech Senator Dolliver took his turn at slashing the seventh section of the Administration railroad bill in the senate this afternoon. This is the section which repeals the provisions of the anti-trust law, so far as it applies to railroads, granting them the long-sought right to make traffic agreements and putting them in a class quite distinct from industrial corporations, which will continue to be bound, at least in theory, by the Sherman law. [shermanlawinhibition.com](http://www.shermanlawinhibition.com). Combinations in restraint of trade

Was Severest Denunciation.

Senators Cummins, LaFollette, Bristow, Clapp, Nelson and all the other progressives of the senate have already denounced the provisions of Sec 7. But Senator Dolliver's denunciation was the severest, the most destructive and the most convincing of all and it was punctuated freely with indignant and sarcastic references to the author of the railroad bill, Attorney General Wickersham and the demand of the administration that the measure be put through congress exactly as it came from the hands of the man who drew it. Senator Dolliver's address was masterly in its handling of the section and of the whole question of the attempt of the government to secure for itself adequate control over the rates and the management of interstate carriers. He read a letter addressed to him by former Senator William E. Chandler of New Hampshire pointing out in clear and succinct form just what the seventh section would accomplish for the railroads and the evils it would work to the public if it were permitted to become part of the law as formulated by the Attorney General.

Legalizes Traffic Association.

Senator Dolliver also went back to the old general traffic association formed by the thirty-nine leading roads of the country and showed how that conspiracy had planned to throttle absolutely all competition and hold the transportation of the country entirely at its mercy. This association had been outlawed by a decision of the supreme court. But it would be legalized and would unquestionably be reformed and put into operation again if the Administration railroad bill became a law with the seventh section in it without some such amendment as that proposed by Senator Cummins.

This amendment compels the roads to submit all traffic agreements and all revisions of rates under such agreements to the Interstate Commerce Commission and secure the commission's approval of them before they become legal and can be put into effect.

STATE LIBRARY ASSOCIATION FOR COMMISSION

Oklahoma in Great Need of a Library Commission.

Oklahoma City, April 25.—The establishment of a state library commission in Oklahoma is being enthusiastically advocated by those interested in the libraries of the state who are arranging to have the matter presented before the next legislature and provide efficient means to secure favorable action by that body.

The matter will be given prominent importance at the coming meeting of the Oklahoma State Library association, which will convene in Oklahoma City May 5 and be in session at the Carnegie library, corner of Third street and Robinson avenue. An endeavor will be made to secure the co-operation of influential persons in behalf of the movement and institute a statewide campaign for such a commission.

It is pointed out by those at the head of the movement that there are 27 state library commissions in operation in the United States all subsidized and maintained by their respective states, and that Oklahoma is in as great need of such a commission if not greater than some of the states which have such organizations.

President Taft Please.

President Taft would not discuss this phase of the case in any way today. He has been anxious to secure the best man he could for the supreme court vacancy and he feels that he has done so. He was much elated over the success of his tender to Gov Hughes and tonight said: "I am very much delighted to secure Gov Hughes for the bench. He is a man of wide experience and marked ability and it is a mighty valuable thing to have no the great bench of the supreme court a man of affairs. Gov Hughes is 48 years of age. SUPREME BENCH FOR GOV. HUGHES

HIS APPOINTMENT GIVES GENERAL SATISFACTION—TAFT IS GREATLY PLEASED.

ANNOUNCEMENT AT WASHINGTON

Senate Considered Appointment Monday—He Will Succeed Late Justice David J. Brewer.

Washington, April 25.—President Taft late today received from Gov Hughes of New York a letter accepting a tendered appointment as an Associate Justice of the Supreme Court of the United States. Five minutes after the letter was handed to the President, the nomination of Gov Hughes was on its way to the Senate. That body had adjourned for the day, however, when the papers reached the Capitol and so the Senate will not hear officially of the designation of Gov Hughes to succeed the late Justice David J. Brewer until tomorrow.

To Take Seat in Fall.

While it is expected that Gov Hughes will be confirmed with little or no delay it is understood here he will remain as the chief executive of the state of New York until next October and will not take the oath of his new office until the fall term of the supreme court which opens the second Monday in that month.

There has been much speculation ever since it was first intimated that Gov Hughes would be tendered a place on the supreme court bench as to whether or not his appointment would take him out of the fall campaign in the state of New York, where all the republican leaders admit that he is sorely needed.

President Taft Please.

President Taft would not discuss this phase of the case in any way today. He has been anxious to secure the best man he could for the supreme court vacancy and he feels that he has done so. He was much elated over the success of his tender to Gov Hughes and tonight said: "I am very much delighted to secure Gov Hughes for the bench. He is a man of wide experience and marked ability and it is a mighty valuable thing to have no the great bench of the supreme court a man of affairs. Gov Hughes is 48 years of age. I think and even if he

should retire at 70 he will have had twenty-two years of solid usefulness on the bench."

Appointment Creates Satisfaction.

The appointment of Gov Hughes was received throughout Washington with the greatest satisfaction. The announcement, however, came as something of a surprise, despite the fact that it had been generally understood for days that the position was to be tendered to him.

President Taft had been warned in advance that Gov Hughes might not be able to accept because his service as governor of the state of New York had practically depleted his small private fortune, and he felt the necessity of again entering the practice of law in order to earn a competence for himself and his family. This did not deter the president, however, and he had optimistically awaited a reply.

CONFEDERATE REUNION AT MOBILE, ALA.

Sons of Veterans Have Social Session Preliminary to Formal Be-ginning.

Mobile Ala April 25.—Preliminary to the formal beginning of the reunion of Confederate Veterans tomorrow, the Sons of Veterans held their opening session tonight. It was in the nature of a social session, in which half a dozen addressees of welcome were made by local men. There was music instrumental and vocal and then the consuls of France, Spain and England were introduced.

The only official business transacted was the naming of the committee on credentials, which will report tomorrow. Then Gov J Y Sanders of Louisiana presented the sons, sponsors, maids and matrons who are attached to the different divisions.

Trains have been debouching gray-clad veterans all day, and some are still side-tracked outside the town, waiting their turn to enter the station. The tented city on the bay was a gay place tonight. Thousands of yellow government tents each holding three veterans, were in service. Camp fires sputtered and roared in grateful warmth in the company streets. War songs and sacred hymns were heard above the din while now and then the tinkle of banjos and the high-pitched "coo song" told of the efforts of dusky entertainers to amuse the city's guests. The weather is still cold but an appeal to citizens to lend blankets met with a ready and generous response and none slept cold in the tented city tonight.

LITTLE DAMAGE FROM FROST

Oklahoma City, Ok., April 26—

Frost has done little damage in Oklahoma, according to J. A. McCabe, a cotton expert. In Greer County some cotton may have been killed by frost, but it is not too late to replant. Oklahoma crops have not suffered from the weather, he reiterated. Frank D. Northup of the Oklahoma Farm Journal says "The greatest damage sustained in this state will be to young corn, but even that loss will not be heavy, as there is plenty of time to replant the corn. Fruit and wheat have not suffered. Vegetables have suffered some."

Meeting at City Hall Last Night Indicative of the Certainty.

As announced the Chautauqua rally was held at the City Hall on yesterday evening at 8 o'clock with an attendance of about twenty-four or five representatives from the business and professional interests, all of whom were enthusiastically in favor of the proposed Chautauqua.

The meeting was presided over by President Briles of the E. C. S. N. who called upon Rev. S. F. Goddard to give the features of the Chautauqua and the conditions upon which it can be obtained. This was done in a straightforward and forcible manner. He first presented features of the proposed attraction, commenting on the excellence of the talent, and strong personality of the men and women in each number, saying that Ada cannot afford to miss this opportunity of bettering the moral, social and intellectual condition of her citizenship.

Bro. Anderson of the First Christian church was called upon to express himself relative to the matter under consideration. Bro. Anderson who is always equal to the occasion, presented in clear cut logic his unqualified approval of the Chautauqua, and assured the audience of his hearty support of the movement. Moreover he suggested some decidedly practical plans for canvassing the city, which were immediately acted upon.

The Chautauqua in connection with the summer normal will be a big boost to Ada. Already people of high ideals and superior character are turning their eyes toward Ada. Let us continue to hold out inducements to them to come. The chautauqua will be a large contribution in this direction.

Died.

The little twenty-one month old son of Hugh Grady, living on the corner of Thirteenth and Johnson streets died this a. m. at 4:45 o'clock after having been ill nearly two weeks of pneumonia.

The remains will be interred at Rosedale cemetery at 4 o'clock this afternoon.

The News extends sympathy to Mr. Grady and his family in their bereavement.

Ada and Chautauqua.

When two good things meet they usually agree. It looks like Ada is going to seize the opportunity to take a new step forward. A splendid Chautauqua is offered them and all who have had it presented to them have responded. Four committee have been appointed to canvass the city. One committee for each ward. Those who have had opportunity have readily taken tickets and others have expressed a willingness to subscribe for them just as soon as the committee presents them with an opportunity.

City Council Meets.

The city council met last night with all members present except Hope. A few bills of minor importance were allowed.

They ordered the property owners of alleys between 4th and 5th streets to get on the line as laid out by government survey. The alleys between 1st and 2nd street were also ordered open.

An ordinance was passed, regulating the moving of houses. This ordinance requires house movers to be licensed and give bonds in the sum of \$1000 to hold the city harmless of damages.

A resolution was passed directing the mayor and city clerk to execute and deliver to the contractors tax warrants for the construction of lateral sewers in district No. 2.

A resolution was passed permitting the Shelby Downard Asphalt Co. to sub-let to Gilkerson and Levy the concrete part of paving contract

PRENTIS, ALLAN MURDERER IS STILL ALIVE

Mans Who Murdered His Wife and Shot Himself Sunday Afternoon Still Lives.

Last night Attorney Wimbish, Geo. Culver and Charlie Brady left for Allen, the scene of Sunday's tragedy to conduct the murderer Prentis to Ada. A phone message to the sheriff's office this morning brings the information that the wounded man is safe on board the train and is now en route to this place.

If proper connections are made with the trains he will arrive on the O. C. this morning, otherwise the party will not reach Ada till the arrival of the Katy train this afternoon.

SISTER AGAINST SISTER IN HYDE MURDER TRIAL

Testimony Uphill Business for Miss Swope—Unshaken by Heavy Cross-fire.

Kansas City, April 25.—Sister battled against sister in the Hyde murder trial here Monday.

From the witness stand Miss Margaret Swope, whom it is charged in three counts of an indictment, Dr. Hyde attempted to poison, testified for the state. She told a straightforward, though somewhat stilted story of her illness and the typhoid epidemic in the Swope home.

Behind Dr. Hyde's attorneys sat Miss Swope's sister, Mrs. Hyde, directing the fight on her young sister's testimony. Attorneys frequently consulted her during the cross-examination of the girl.

Seated where she could look directly into the eyes of the witness, Mrs. Logan O. Swope sat and watched the duel of wits. Her sympathy was with the younger girl—the mother's witness against a disliked son-in-law. But although her sympathy was not with her old daughter, Mrs. Swope noticed Mrs. Hyde's every action.

One moment Mrs. Swope would smile encouragement to her young daughter on the stand and next she would gaze steadily at Mrs. Hyde, her face set with an expression of grim determination.

Sisters Only Share.

It seemed almost a certainty when Margaret Swope walked down the aisle of the court room today to take the witness chair that she was going to stop and recognize Mrs. Hyde.

She walked within a few feet of Mrs. Hyde, faltered slightly, peered anxiously at her, and passed on. Mrs. Hyde, apparently did not see her little sister falter. The spectators did however, and there was a busy craning of necks to get a good look at the two when they saw each other for the first time in months.

Testifying was an uphill battle for Miss Swope. She is still weak from the effects of typhoid. Her nerves are unstrung. The rapid-fire questioning of the attorneys disconcerted her at times, but her testimony in the main, was unshaken on cross-examination.

The best feature of her testimony was her story about how Dr. Hyde came to her room while the lights were burning low one night, and in the semi-darkness, gave her a hypodermic. The physician walked into the room, announced he would give hypodermic, rolled up her sleeve and inserted the needle and left she said.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it relieves that itching which dandruff will cause.

Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. ATTEMPT ESCAPE

Six

Incorrigibles Released From Jail by Kate Barnard Break for Liberty.

Oklahoma City, April 25.—The six 12-year-old "Incorrigibles," who on Saturday were released from durance vile in the county jail by the efforts of Miss Kate Barnard, who forced the county attorney to observe the state law, made a preconcerted attempt to escape from the temporary detention room on the second floor of the jail building Sunday afternoon.

The first warning of a jail break was when Sheriff Blanton, sitting in the office of the jail, saw a pair of bare feet serenely mounted by a pair of ragged pants, climbing down the steel bars which front the lower windows. The shaggy did not wait for the rest of the prisoner to appear, but rushing out of doors just in time to discover all the youngsters sliding down waterpipes and climbing down the bars to safety. They had taken advantage of the temporary absence of their guard in the detention room to open the window and try to escape. The county commissioners are thus compelled to place bars on the detention room windows, according to the statement of officers.

PUBLIC DRINKING CUPS MUST GO FROM OKLA.

After May 1 by Order of Oklahoma Board of Health—no Cup, No Drink.

Guthrie, Ok., April 24.—On May 1, by an order of the State Board of Health, Oklahoma will abolish the public drinking cup. Travelers coming to the state or passing through will have to provide themselves with individual glasses or cups, for when a passenger train crosses the border into Oklahoma the rule contemplates that all drinking vessels of public character shall be gathered and kept put away so long as the train is in the state. There is nothing in the rule, however, prohibiting one traveler "loaning" his or her cup to another, unless it would be for "common use," and then the law or order would apply.

Similar orders are made for public and private schools.

The rule applying to railroad companies includes stations as well as trains, and in addition to being prohibited from furnishing cups for common use the companies are enjoined from permitting it to be done on their premises. They are required to keep posted above water coolers a warning card with the law printed thereon in letters sufficiently large so even the casual observer may be informed.

BUILDING NEW RAILROAD OKLA. CITY TO NEW MEXICO

MARKE IS EXCITED.
Cotton Bulls Win—Prices Increased
Steadily—Seed Shortage Feared.

New York, April 25.—Not since the break last January has the Cotton Exchange experienced such excitement and activity as today. It was a time of triumph for the bulls, whose already strengthened position as regards the old crop was sensationaly stimulated by reports of disastrous weather in the south, affecting the coming crop. This lead to rumors that the bull campaign was to be carried on throughout the end of the current season, and possibly into early new crop deliveries, as it was in the season of 1902-03, when, after Sully's successful deal in May contracts, Messrs Brown and Hayne, who are prominently mentioned in the present bull movement, carried the bull campaign through into July, August and September.

Will Make Crop Late.

It is assumed in this connection that even if the South finds seed to replant the area damaged, the cold snap has made it look like a late crop, and that mills consequently will be dependent upon old crop supplies for a considerably longer period.

Meanwhile preparations for making enormous deliveries on May contracts are steadily going forward. It is said that the inspection bureau of the New York exchange has a larger force preparing cotton for delivery than ever before, and that the stock of certified cotton at New York, which was reported at 87,000 bales toward the end of March, had mounted up to 150,000 bales by the close of business Saturday, with the prediction that between 140,000 and 200,000 bales would be ready for delivery by May 1.

LID SLAMMED DOWN IN OKLAHOMA CITY

Record Breaker—Whiskey, Beer,
"Craps", Roulette Wheel, and
35 Prisoners Roped In.

Oklahoma City, April 26.—Not since the break last January has the Cotton Exchange experienced such excitement and activity as today. It was a time of triumph for the bulls, whose already strengthened position as regards the old crop was sensationaly stimulated by reports of disastrous weather in the south, affecting the coming crop. This lead to rumors that the bull campaign was to be carried on throughout the end of the current season, and possibly into early new crop deliveries, as it was in the season of 1902-03, when, after Sully's successful deal in May contracts, Messrs Brown and Hayne, who are prominently mentioned in the present bull movement, carried the bull campaign through into July, August and September.

The 35 prisoners filled the jail corridors for the afternoon, and when the officers announced they were released, there was much thanksgiving. All the parties are white, and many were wondering if they still held their jobs and different establishments.

The raid was made on 207 West California avenue by five deputies, on a place said to be run by Thomas Dyer. Numbers 211 and 204 were also taken, but added only a small amount of beer and whiskey. Four of the men, among them Dyer, had to give bond for their appearance in the superior court Tuesday. Dyer is charged with running a gambling house, and the others as his assistants. There was no evidence against the others except that they were looking on. Those held besides Dyer under \$200 bond each are Horace Shelladay, J. J. Wilson and George Wilson.

Sheriff Binion says he means to close all bootlegging and gambling places in the city.

SHERIFF'S DENOUNCE FEE AND SALARY BILL

Oklahoma City, April 26.—In convention, Monday, the sheriffs association of Oklahoma, placed itself on record as opposing the fee and salary bill as passed by the last legislature, and asks the people of the state to vote for candidates who will amend certain clauses of it. A resolution to this effect was submitted by a committee composed of Sheriffs M. B. Loutham, M. M. Tate, M. C. Binion, L. E. Martin and L. Burwell and adopted by the association.

Bribery in Elections.

Bribery, according to an expert on the subject, first became recognized mode of securing votes in the reign of Charles I. It was afterward improved upon by George III, who lost no opportunity of enforcing its claims as a good gone getter. "If," he wrote to his chief adviser on one occasion, "the duke of Northumberland requires some gold pills for the election it would be wrong not to satisfy him." The King was not altogether selfish in this matter of spending money, for the gold pills came out of his own medicine chest, the civil list, where as his successors drew upon the secret service cash for the corruption of the voters.

In those days the British constitution worked on the principles of Mr. Quinton Dick, a wealthy West Indian planter, who explained his manner of election thus: "At the last election I spoke to my constituents. Gentlemen," I said, "my opponent is a very rich man with a large family. I am a very rich man, and I thank God that all I care for in the world is covered by my hat." I put my hat on my head, and they returned me. That, sir, is the practical working of the British constitution"—London Daily News.

Smuggling Partridge Eggs.

A singular custom of smuggling by means of a dummy baby was brought to light by the city customs officials at northern station in Vienna.

Partridge eggs have for a long time been extensively stolen from preserved estates in Hungary, smuggled into Vienna and sold to poultry dealers, who hatched the eggs in incubators, brought up the birds by hand and sold them below the prices asked by more honest dealers.

A special lookout for smugglers has resulted in the arrest of two peasant women. Arriving in Vienna in the national Slavonian costume, each of them carried a baby tied, according to the invariable custom, to a cushion and so closely "packed" that only the face was visible.

The women were noticed to be a little agitated as they passed the customs, and they were followed home. It was then discovered that while one baby was a living child the other was a dummy. It consisted of a wax head, partly hidden by a shawl and a cap, while the cushion was filled with more than 600 partridge eggs.

Curiosity Squelched.

At dinner the professor of history was seated between two young ladies, who, in accordance with their training in the art of conversation, sought to draw him out upon the subject in which he was most interested. They did not meet with much success; his answers were short—"Yes," "Oliver Cromwell," "No," "1492," and the like. Finally one of them in desperation ventured:

"Professor, we were wondering only this afternoon, and none of us could remember: How many children did Mary, Queen of Scots, have?"

This was too much. "Madam," said the professor, facing her with squelching dignity, "I am not a scoundrel monger."

Ordinance No. 216.

An Ordinance relating to, and regulating the moving of Houses in the City of Ada, Oklahoma.

Be it Ordained by the Mayor and City Councilmen of the City of Ada, Oklahoma:

House Movers.

Section 1. No person, except a licensed house mover shall move any building through, or along any street, or Avenue or Alley in this city, and every person shall, before he shall receive his license, execute a bond to the City of Ada, Oklahoma, in the sum of One Thousand Dollars (\$1,000.00), with good and sufficient sureties, to be approved by the Mayor, and conditioned that said person will pay any and all damages which may occur to any pavement, street or sidewalk, street-crossing, or to any city fire or police alarm, telegraph, telephone or electric lighting pole, wire, bridge or viaduct, belonging to the City of Ada, Oklahoma, whether said damages or injury shall be caused by said person or his agent, employees or workmen, and conditioned also, that said person will save and indemnify, and keep harmless the City of Ada, Oklahoma against all liabilities, judgments, damages, costs and expenses which may in any wise accrue against said city in consequence of the granting of such permit or license, or while acting under the same, and will in all things strictly comply with the conditions of such license or permit.

Such person, or persons moving such building shall cause a sufficient passage way for vehicles to pass, to be kept open upon one or both sides of such building while being moved upon any street, avenue or alley. When possible the House Mover shall keep the building moving each day unless rain render the condition of the road impassable.

Permits, Who to Issue.

Section 2. Any licensed house mover desiring to remove any building from one point to any other location in this city shall apply to the City Clerk of said City for a permit which shall be issued by him and countersigned by the Mayor of said city which shall describe the building to be moved, giving the number of the lot and block on which same is located, the number of the lot and block on which said building is to be re-located, the roads, streets, avenues or alleys over which same is to be moved.

Provided, however, that the mayor of said city may require said house mover to execute and file with said City Clerk additional bond in any sum that he may deem necessary for the protection of said City and its property, conditioned as set out in Paragraph number one, before granting said permit.

Section 3. Any house mover, or his employees who shall violate any or the provisions of this Ordinance shall upon conviction be fined in any sum not less than \$10.00 nor more than \$100.00 and the Mayor and Council may at their option revoke and cancel any license issued to said person or persons as a House Mover.

Section 4. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

Emergency.

Section 5. For the preservation of the public health, peace and safety, and emergency is hereby declared to exist by reason whereof this act shall be in force and affect from and after its passage, approval and publication as the law requires.

Passed by the City Council and approved by the Mayor this the 25th day of April, 1910.

MAKES WORK EASIER

Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties With a constantly aching back; With annoying urinary disorders, Doan's Kidney Pills make work easier.

They cure backache
They cure every kidney ill.

Charles Luther, Main St., Sulphur, Okla., says: "I can sincerely recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous.

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

OUTFITTER FOR MEN

ADA, OKLAHOMA

EXTRA-ORDINARY CHANCE FOR ADA

A FINE OPPORTUNITY TO INAUGURATE AN ANNUAL CHAUTAUQUA—EDUCATIONAL, MUSICAL, DRAMATICAL.

BIG CAMPAIGN ON TOMORROW

How It May Be Secured and What It Will Mean to Our City—Committees Appointed—Luncheon at Harris House a Feature.

It can be done!

All ready for a united lift! Has every fellow a hold?

Here we go—heigho—h-e-a-v-e!

Now, that's the way Ada does things.

Wasn't that fine?

We're just talking about how Ada is going to land that Chautauqua for next June.

But we must pull together and all at once.

Ada is known for her high-class citizens. Her schools and normal, but lend to that dignity. As such she is on the lookout for that which will contribute to her elevation and fine sense. Just now she has a peculiar opportunity at a very auspicious time.

What It Is.

It is a Chautauqua. But wait! Let us talk now about it. We are sure you'll want to enjoy it with us. It's so fine that out of the twelve dates only two are left. Just look here at the numbers; see there are seven double-headers. Love music? Well, here's Schulte who takes the house by storm with the violin; and Homer T. Wilson, who, pendulum like, swings you from the smile to the tear, then Gearhart, who electrifies his audiences with his fine subjects and personality; now take a look at this quarter company, they'll make you forget your troubles in a hurry. But what's the use of trying to tell all about it? The linotype would even be exhausted even if it is endless, in trying to tell you. But, say, here an idea: let's go down to the post-office and take a look at some of the artists who will be here.

And just think—just every fellow helping a little will secure this solid week of intellectual and musical treat.

An Auspicious Time.

During the month of June our city is going to be filled with educators at the initial normal in our new normal building. The tide of humanity will be flowing this way. Why not secure this attraction and augment that tide? A Chautauqua calls for the best class of citizens and that's the kind we are after. What an auspicious time to inaugurate an annual Chautauqua. We must have it.

How We May Secure It.

But how! Now listen. Thereby hangs the tail. Last night at a meeting of public spirited men, the conclusion was reached that we must have the chautauqua. The city was distributed by wards to four committees, which shall thoroughly canvass its ward securing sufficient pledges for tickets to guarantee the Chautauqua. No money is to change hands now but when tickets will be delivered, which will be later.

Plans of the Committee.

The committee composed of the four squads has decided on the following plan. A whirlwind campaign will be inaugurated tomorrow, Wednesday, beginning at 9 a. m. each division shall go to its respective ward, and at noon a general meeting will be had in the dining room of the Harris house, where luncheon will be served and reports made. At 1 p. m. the campaign will again be on and a general meeting held at 4 p. m. at the Christian church, where the campaign returns will be canvassed and the work closed up.

Prices of Tickets.

For the entire course a charge of \$3 for one ticket, two tickets for entire course, \$5, three tickets entire course, \$6, tickets for entire family full course, \$7. Tickets non-transferable save in immediate family.

The committees are to be found in another article.

Main Street Property.

We are authorized to offer for sale the Airdome lots on Main, 50 feet, for \$6,150. WEAVER AGENCY.

You should read this advertisement. For while it is an advertisement yet it deals with an important problem that affects the entire country.

"Our Deal With Rats." McClure's says:—"On the back of the Rat rides triumphantly around the world, spreading death in a terrible form, the flea that carries in itself the germs of bubonic plague." It costs us \$600,000,000 a year to feed the rats in the United States.

We advocate that this town have a rat killing week. Then when the rat leaves your house he will also find rat poison at your neighbors.

Mr. Murray, in his address at Altus on Tuesday of this week, was heartily applauded when he made the following statement

"Whenever or wherever one proves unfaithful or incompetent, I shall quickly and immediately relieve him of that position and appoint some one who can and will make good. Public office is a public trust and should not be bartered away for public gain, political advantages or promotion by the appointive power. He should be expected to remember with gratitude his friends until the claim of his friends conflicts with that of the public. My purpose would be to install a strong, efficient and economic government, and my definition of a qualified officer is an honest, wise and brave man."

No one can question the soundness of this proposition. There is but one way to have good, decent government and that is by having men of the highest integrity and capability in all the offices. We can't afford to elect or have appointed any other kind.—Chickasaw Banner.

There is nothing financially in being representative. For this reason it is hard to get a good man for the place. The Eagle desires to see a good man in this position. We have him in view. If the Hon. Byron Norrell of the Ada Democrat will consent to do the toga we will announce him free of charge and would ask the papers of the county to fall in line and make it unanimous, without cost. We know that Norrell would make a good representative, but would hesitate a long time about asking him to make the race. The only way that a man can consider the place at all is to have it tendered without cost, as it will leave him in the hole financially and there is nothing to the job but the honor of it. We will be glad to serve the county to the extent of announcing Byron Norrell free of charge. Will any other paper follow suit?"—Roff Eagle.

SENATORS SLASH TAFT'S RAILROAD BILL

With Very Severe Denunciation of Section Seven by Dolliver.

Washington, April 25.—With characteristic saber-cuts of Saxon speech, Senator Dolliver took his turn at slashing the seventh section of the Administration railroad bill in the senate this afternoon. This is the section which repeals the provisions of the anti-trust law, so far as it applies to railroads, granting them the long-sought right to make traffic agreements and putting them in a class quite distinct from industrial corporations, which will continue to be bound, at least in theory, by the Sherman law inhibition on combinations in restraint of trade.

Was Severest Denunciation.

Senators Cummins, LaFollette, Bristow, Clapp, Nelson and all the other progressives of the senate have already denounced the provisions of Sec. 7. But Senator Dolliver's denunciation was the severest, the most destructive and the most convincing of all and it was punctuated freely with indignant and sarcastic references to the author of the railroad bill, Attorney General Wickersham, and the demand of the administration that the measure be put through congress exactly as it came from the hands of the man who drew it. Senator Dolliver's address was masterly in its handling of the section and of the whole question of the attempt of the government to secure for itself adequate control over the rates and the management of interstate carriers. He read a letter addressed to him by former Senator William E. Chandler of New Hampshire, pointing out in clear and succinct form just what the seventh section would accomplish for the railroads and the evils it would work to the public if it were permitted to become part of the law as formulated by the Attorney General.

Legalizes Traffic Association.

Senator Dolliver also went back to the old general traffic association formed by the thirty-nine leading roads of the country and showed how that conspiracy had planned to throttle absolutely all competition and hold the transportation of the country entirely at its mercy. This association had been outlawed by a decision of the supreme court. But it would be legalized and would unquestionably be reformed and put into operation again if the Administration railroad bill became a law with the seventh section in it without some such amendment as that proposed by Senator Cummins.

This amendment compels the roads to submit all traffic agreements and all revisions of rates under such agreements to the Interstate Commerce Commission and secure the commission's approval of them before they become legal and can be put into effect.

STATE LIBRARY ASSOCIATION FOR COMMISSION

Oklahoma in Great Need of a Library Commission.

Oklahoma City, April 25.—The establishment of a state library commission in Oklahoma is being enthusiastically advocated by those interested in the libraries of the state, who are arranging to have the matter presented before the next legislature and provide efficient means to secure favorable action by that body.

The matter will be given prominent importance at the coming meeting of the Oklahoma State Library association, which will convene in Oklahoma City May 5 and be in session at the Carnegie library, corner of Third street and Robinson avenue. An endeavor will be made to secure the co-operation of influential persons in behalf of the movement and institute a statewide campaign for such a commission.

It is pointed out by those at the head of the movement that there are 27 state library commissions in operation in the United States, all subsidized and maintained by their respective states, and that Oklahoma is in as great need of such a commission, if not greater, than some of the states which have such organizations.

SUPREME BENCH FOR GOV. HUGHES

HIS APPOINTMENT GIVES GENERAL SATISFACTION—TAFT IS GREATLY PLEASED.

ANNOUNCEMENT AT WASHINGTON

Senate Considered Appointment Monday—He Will Succeed Late Justice David J. Brewer.

Washington, April 25.—President Taft late today received from Gov. Hughes of New York a letter accepting a tendered appointment as an Associate Justice of the Supreme Court of the United States. Five minutes after the letter was handed to the President, the nomination of Gov. Hughes was on its way to the Senate. That body had adjourned for the day, however, when the papers reached the Capitol, and so the senatorial will not bear officially of the designation of Gov. Hughes to succeed the late Justice David J. Brewer until tomorrow.

To Take Seat in Fall.

While it is expected that Gov. Hughes will be confirmed with little or no delay, it is understood here he will remain as the chief executive of the state of New York until next October and will not take the oath of his new office until the fall term of the supreme court which opens the second Monday in that month.

There has been much speculation ever since it was first intimated that Gov. Hughes would be tendered a place on the supreme court bench as to whether or not his appointment would take him out of the fall campaign in the state of New York, where all the republican leaders admitted that he is sorely needed.

The weather is still cold, but an appeal to citizens to lend blankets met with a ready and generous response, and none "slept cold" in the tented city tonight.

ADA TO HAVE A CHAUTAUQUA

Meeting at City Hall Last Night Indicative of the Certainty.

As announced the Chautauqua rally was held at the City Hall on yesterday evening at 8 o'clock with an attendance of about twenty-four or five representatives from the business and professional interests, all of whom were enthusiastically in favor of the proposed Chautauqua.

The meeting was presided over by President Briles of the E. C. S. N. who called upon Rev. S. F. Goddard to give the features of the Chautauqua and the conditions upon which it can be obtained. This was done in a straightforward and forcible manner. He first presented features of the proposed attraction, commenting on the excellence of the talent, and strong personality of the men and women in each number, saying that Ada cannot afford to miss this opportunity of bettering the moral, social and intellectual condition of her citizenship.

Bro. Anderson of the First Christian church was called upon to express himself relative to the matter under consideration. Bro. Anderson who is always equal to the occasion, presented in clear cut logic his unqualified approval of the Chautauqua, and assured the audience of his hearty support of the movement. Moreover he suggested some decidedly practical plans for canvassing the city, which were immediately acted upon.

Rev. Wilson next responded to the president's invitation to express his views. Bro. Wilson having arrived late in the meeting had not heard all that had been said by those who had just preceded him. However he expressed himself as being very much in favor of the intellectual feast promised by the coming Chautauqua and that he stands ready to do all he can to secure it, and by the way we may add that will be a great deal for he does not do things by halves.

Bro. Anderson was appointed to write up the Chautauqua for the Evening News, and the following committees were appointed:

First Ward—Chairman, Rev. Anderson, Sam Torbet, Mrs. J. B. Ingram, Mrs. Chauncey.

Second Ward—Chairman, Dr. Liggin, T. P. Holt, Mrs. Tom Hope, Mrs. A. M. Croxton, W. J. Beard.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it relieves that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germs that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair-dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. SISTER AGAINST SISTER IN HYDE MURDER TRIAL

Testimony Uphill Business for Miss Swope—Unshaken by Heavy Cross-fire.

Kansas City, April 25.—Sister battled against sister in the Hyde murder trial here Monday.

From the witness stand Miss Margaret Swope, whom it is charged in three counts of an indictment, Dr. Hyde attempted to poison, testified for the state. She told a straightforward, though somewhat stilted story of her illness and the typhoid epidemic in the Swope home.

Behind Dr. Hyde's attorneys sat Miss Swope's sister, Mrs. Hyde, directing the fight on her young sister's testimony. Attorneys frequently consulted her during the cross-examination of the girl.

Seated where she could look directly into the eyes of the witness, Mrs. Logan O. Swope sat and watched the duel of wits. Her sympathy was with the younger girl—the mother's witness against a disliked son-in-law. But although her sympathy was not with her old daughter, Mrs. Swope noticed Mrs. Hyde's every action.

One moment Mrs. Swope would smile encouragement to her young daughter on the stand and next she would gaze steadily at Mrs. Hyde, her face set with an expression of grim determination.

Sisters Only Share.

It seemed almost a certainty when Margaret Swope walked down the aisle of the court room today to take the witness chair that she was going to stop and recognize Mrs. Hyde.

She walked within a few feet of Mrs. Hyde, faltered slightly, peered anxiously at her, and passed on. Mrs. Hyde, apparently did not see her little sister falter. The spectators did however, and there was a busy craning of necks to get a good look at the two when they saw each other for the first time in months.

Testifying was an uphill battle for Miss Swope. She is still weak from the effects of typhoid. Her nerves are unstrung. The rapid-fire questioning of the attorneys disconcerted her at times, but her testimony in the main, was unshaken on cross-examination.

The best feature of her testimony was her story about how Dr. Hyde came to her room while the lights were burning low one night, and in the semi-darkness, gave her a hypodermic. The physician walked into the room, announced he would give hypodermic, rolled up her sleeve and inserted the needle and left she said.

D. Twyman was in charge of the case at the time.

ARM STILL SORE.

This arm has since become sore. The state contends the injection was of "pus" germs and not camphorated oil, as Dr. Hyde claimed.

Miss Elizabeth Gordon, a nurse, testified late in the afternoon that once while Dr. Hyde was giving Christman Swope a hypodermic he filled his syringe with dirty water which had been used in giving the patient a bath.

During the morning session, O. H. Gentz, a druggist of Independence, sold the strichnine tonic he sold James Moss Hunton and which was used by Col. Swope, was harmless. And to show he believed in his prescription, he pulled a six-ounce bottle of the tonic from his pocket and took a draught of it.

Six Incorrigibles Released From Jail by Kate Barnard Break for Liberty.

Oklahoma City, April 25.—The six 12-year-old "Incorrigibles," who on Saturday were released from duration ville in the county jail by the efforts of Miss Kate Barnard, who forced the county attorney to observe the state law, made a preconcerted attempt to escape from the temporary detention room on the second floor of the jail building Sunday afternoon. The first warning of a jail break was when Sheriff Bishop, sitting in the office of the jail, saw a pair of bare feet surmounted by a pair of ragged pants, climbing down the steel bars which front the lower floor windows. The sheriff did not wait for the rest of the prisoner to appear, but rushing out of doors just in time to discover all the youngsters sliding down waterpipes and climbing down the bars to safety. They had taken advantage of the temporary absence of their guard in the detention room to open the window and try to escape. The county commissioners are thus compelled to place bars on the detention room windows, according to the statement of officers.

PUBLIC DRINKING CUPS MUST GO FROM OKLA.

After May 1 by Order of Oklahoma Board of Health—no Cup, No Drink.

Guthrie, Ok., April 24.—On May 1, by an order of the State Board of Health, Oklahoma will abolish the public drinking cup. Travelers coming to the state or passing through will have to provide themselves with individual glasses or cups, for when a passenger train crosses the border into Oklahoma the rule contemplates that all drinking vessels of public character shall be gathered and kept put away so long as the train is in the state. There is nothing in the rule, however, prohibiting one traveler "loaning" his or her cup to another, unless it would be for "common use," and then the law or order would apply similarly.

During the morning session, O. H. Gentz, a druggist of Independence, sold the strichnine tonic he sold James Moss Hunton and which was used by Col. Swope, was harmless.

And to show he believed in his prescription, he pulled a six-ounce bottle of the tonic from his pocket and took a draught of it.

The rule applying to railroad companies includes stations as well as trains, and in addition to being prohibited from furnishing cups for common use the companies are enjoined from permitting it to be done on their premises. They are required to keep posted above water coolers a warning card with the law printed thereon in letters sufficiently large so even the casual observer may be informed.

BUILDING NEW RAILROAD OKLA. CITY TO NEW MEXICO

Proposed Line to Run Through the Undeveloped Portion of the States—\$10,000 Bonus.

Oklahoma City, April 26.—Extending into the richest farm producing section of the state, the Oklahoma City Chamber of Commerce, through its board of directors, Monday closed negotiations with the officials of the Denver, Kingfisher and Gulf Railroad company to construct a line into the northwestern part of Oklahoma, which for years has patiently awaited the coming of the rail and the engine. The railroad in its agreement with the Chamber of Commerce, agrees to start construction within 30 days, and upon completion of the road as far as Piedmont, 19 miles from Oklahoma City, a bonus of \$10,000 is to be paid. The Chamber of Commerce further contracted to allow the railroad company to use the terminal in the southwestern part of the city with the agreement that the company should pay for its use. The proposed road will run from Oklahoma City into the undeveloped regions of the northwestern part of Oklahoma, passing through eleven Oklahoma counties, three of which are now without railroads, three Texas counties and will terminate in the coal fields of New Mexico.

According to the papers signed the railroad company must start work on the proposed line from Oklahoma City within 30 days, in the failure of which the bonus and contracts to be void.

The railroad proposes to establish an interurban line from Kingfisher to Oklahoma City, the cars to be run by either gasoline or steam propelled engines. Cars will run every two hours from the two cities, and will be in operation by Jan. 1, 1911.

The interurban line will be similar to that of the Grand Island Interurban line out of Saint Joseph, Mo.

MARKET IS EXCITED.

Cotton Bulls Win—Prices Increased Steadily—Seed Shortage Feared.

New York, April 25.—Not since the break last January has the Cotton Exchange experienced such excitement and activity as today. It was a time of triumph for the bulls, whose already strengthened position as regards the old crop was sensationalized by reports of disastrous weather in the south, affecting the coming crop. This lead to rumors that the bull campaign was to be carried on throughout the end of the current season, and possibly into early new crop deliveries, as it was in the season of 1902-03, when, after Sully's successful deal in May contracts, Messrs Brown and Hayne, who are prominently mentioned in the present bull movement, carried the bull campaign through into July, August and September.

Will Make Crop Late.

It is assumed in this connection that even if the South finds seed to replant the area damaged, the cold snap has made it look like a late crop, and that mills consequently will be dependent upon old crop supplies for a considerably longer period.

Meanwhile preparations for making enormous deliveries on May contracts are steadily going forward. It is said that the inspection bureau of the New York exchange has a larger force preparing cotton for delivery than ever before, and that the stock of certified cotton at New York, which was reported at 87,000 bales toward the end of March, had mounted up to 151,000 bales by the close of business Saturday, with the prediction that between 140,000 and 200,000 bales would be ready for delivery by May 1.

LID SLAMMED DOWN IN OKLAHOMA CITY

Record Breaker—Whiskey, Beer, "Craps", Roulette Wheel, and 35 Prisoners Roped In.

Oklahoma City, April 26.—In a raid which pulled in 35 prisoners, and an uncountable amount of beer and whiskey, the sheriff's force made a record breaker Monday. Not only wet goods, but a new roulette wheel and a complete "crap" outfit also were seized.

The 35 prisoners filled the jail corridors for the afternoon, and when the officers announced they were released, there was much thanksgiving. All the parties are white, and many were wondering if they still held their jobs and different establishments.

The raid was made on 207 West California avenue by five deputies, on a place said to be run by Thomas Dyer. Numbers 211 and 204 were also taken in, but added only a small amount of beer and whiskey. Four of the men, among them Dyer, had to give bond for their appearance in the superior court Tuesday. Dyer is charged with running a gambling house, and the others as his assistants. There was no evidence against the others except that they were looking on. Those held besides Dyer under \$200 bond each are Horace Shelliday, J. J. Wilson and George Wilson.

Sheriff Binion says he means to close all bootlegging and gambling places in the city.

SHERIFFS DENOUNCE FEE AND SALARY BILL

Oklahoma City, April 26.—In convention, Monday, the sheriffs association of Oklahoma, placed itself on record as opposing the fee and salary bill as passed by the last legislature, and asks the people of the state to vote for candidates who will amend certain clauses of it. A resolution to this effect was submitted by a committee composed of Sheriffs M. B. Loutham, M. M. Tate, M. C. Union, L. E. Martin and L. Burwell and adopted by the association.

Bribery in Elections.

Bribery, according to an expert on the subject, first became a recognized mode of securing votes in the reign of Charles I. It was afterward improved upon by George III., who lost no opportunity of enforcing its claims as a good gate keeper. "If," he wrote to his chief adviser on one occasion, "the duke of Northumberland requires some gold pills for the election it would be wrong not to satisfy him." The king was not altogether selfish in this matter of spending money, for the gold pills came out of his own medicine chest, the civil list, whereas his successors drew upon the secret service cash for the corruption of the voters.

In those days the British constitution worked on the principles of Mr. Quinton Dick, a wealthy West Indian planter, who explained his manner of election thus: "At the last election I spoke to my constituents. Gentlemen," I said, "my opponent is a very rich man with a large family. I am a very rich man, and I thank God that all I care for in the world is covered by my hat." I put my hat on my head, and they returned me. That, sir, is the practical working of the British constitution"—London Daily News.

Smuggling Partridge Eggs. A singular custom of smuggling by means of a dummy baby was brought to light by the city customs officials at northern station in Vienna.

Partridge eggs have for a long time been extensively stolen from preserved estates in Hungary, smuggled into Vienna and sold to poultry dealers, who hatched the eggs in incubators, brought up the birds by hand and sold them below the prices asked by more honest dealers.

A special lookout for smugglers has resulted in the arrest of two peasant women. Arriving in Vienna in the national Slavonian costume, each of them carried a baby tied, according to the invariable custom, to a cushion and so closely "packed" that only the face was visible.

The women were noticed to be a little agitated as they passed the customs, and they were followed home. It was then discovered that while one baby was a living child the other was a dummy. It consisted of a wad and partly hidden by a shawl and a cap, while the cushion was filled with more than 600 partridge eggs.

Curiosity Quenched.

At dinner the professor of history was seated between two young ladies, who, in accordance with their training in the art of conversation, sought to draw him out upon the subject in which he was most interested. They did not meet with much success; his answers were short—"Yes," "Oliver Cromwell," "No," "1492," and the like.

Finally one of them in desperation ventured:

"Professor, we were wondering only this afternoon, and none of us could remember: How many children did Mary, Queen of Scots, have?"

This was too much. "Madam," said the professor, facing her with squelching dignity, "I am not a scandalmonger."

Ordinance No. 216.

An Ordinance relating to, and regulating the moving of Houses in the City of Ada, Oklahoma.

Be It Ordained by the Mayor and City Councilmen of the City of Ada, Oklahoma:

House Movers.

Section 1. No person, except a licensed house mover shall move any building through, or along any street, or Avenue or Alley in this city, and every person shall, before he shall receive his license, execute a bond to the City of Ada, Oklahoma, in the sum of One Thousand Dollars (\$1,000.00), with good and sufficient sureties, to be approved by the Mayor, and conditioned that said person will pay any and all damages which may occur to any pavement, street or sidewalk, street-crossing, or to any city fire or police alarm, telegraph, telephone or electric lighting pole, wire, bridge or viaduct, belonging to the City of Ada, Oklahoma, whether said damages or injury shall be caused by said person or his agent, employees or workmen, and conditioned also, that said person will save and indemnify, and keep harmless the City of Ada, Oklahoma against all liabilities, judgments, damages, costs and expenses which may in any wise accrue against said city in consequence of the granting of such permit or license, or while acting under the same, and will in all things strictly comply with the condition of such license or permit.

Such person, or persons moving such building shall cause a sufficient passage way for vehicles to pass, to be kept open upon one or both sides of such building while being moved upon any street, avenue or alley. When possible the House Mover shall keep the building moving each day unless rain render the condition of the road impassable.

Permits, Who to Issue.

Section 2. Any licensed house-mover desiring to remove any building from one point to any other location in this city shall apply to the City Clerk of said City for a permit which shall be issued by him and countersigned by the Mayor of said city which shall describe the building to be moved, giving the number of the lot and block on which same is located, the number of the lot and block on which said building is to be re-located, the roads, streets, avenues or alleys over which same is to be moved.

Provided, however, that the mayor of said city may require said house-mover to execute and file with said City Clerk additional bond in any sum that he may deem necessary for the protection of said City and its property, conditioned as set out in Paragraph number one, before granting said permit.

Section 3. Any house mover, or his employee who shall violate any of the provisions of this Ordinance shall upon conviction be fined in any sum not less than \$10.00 nor more than \$100.00 and the Mayor and Council may at their option revoke and cancel any license issued to said person or persons as a House Mover Repeal.

Section 4. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

Section 5. For the preservation of the public health, peace and safety, and emergency is hereby declared to exist by reason whereof this act shall be in force and affect from and after its passage, approval and publication as the law requires.

Passed by the City Council and approved by the Mayor this the 25th day of April, 1910.

MAKES WORK EASIER

Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties with a constantly aching back; With an annoying urinary disorder. Doan's Kidney Pills make work easier.

They cure backache.

They cure every kidney ill.

Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous.

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."
